h. Birtier the large new dredge employed in dredging channel in Grosses Eaff was observed at position labeled designator B.

Vessel approached borth via Holla Fahrt; no changes or observetions were observed.

- the fire protection equipment absorbed vessel with yilot. The fire guard inspected the fire protection equipment absorbe smaling was not permitted. Runigration and Coptens officials bearded vessel at borth 232230A, inspected crew list, and departed 232330A. To search was conducted nor were any items scaled. He guards were stationed at the skip. The only surveillance guard noted was stationed at the gate entrance to the patrolous storage terminal. Communs could be brought ashers but were not to be sold. Prior to departure an Emigration officer boarded vessel 260200A, checked oner list and departed 260300A. He surveillance couff were observed.
- 6. Barbor Graft Vessel was given assistance in mooring at borth by one tug.

 Bourds stated that all tankers are required to be assisted by tugs while shifting and that tankers could not be shifted at night.
- 7. Berths Vessel serived at first borth 232213A at position labeled designator E. Vessel commenced discharging ballast 240506A and completed this operation 240745A. Cargo leading operations began 241245A. About half of vessel's cargo of 2624 metric tens bound was leaded at first borth. Vessel then shifted to second borth at position inheled designator F and leaded the remainder of cargo. Cargo was leaded via a six-inch hose. A list of provisions and their respective prices was given to vessel but no provisions or supplies were purchased. Source reported that the storage terminal had sufficient fire protection. Each tank was encircled by a brick wall.
- Construction He new construction was observed. The informant was of the option that the people of subject part did not passess the subition or pride to clean the city, since they believe the city will revert to Sermany.
- 9. Creck Zone The informant was of the opinion that a Creck Zone no longer existed but that now the city was "all Polish." However, he said there was such a some in 1951 but he did not knew its locality. Source could provide no further information in response to specific questions.
- 10. Movel Vessels Five destroyers were observed moved next to a small repair yard in Svincamade at position labeled designator 6. Source could not recall the mationality nor details of the destroyers.

11.	Herchant Yessels	
	Source's vessel passed an unidentif	10
	halich whin in shound more the wisinity of Missenert.	

12. Hiscallaneous All of the over vere allowed ashare under the two-pass system.

The over visited public tavarus and bars; none of the over vent to the Seamn's Club. The informant reported that some over numbers had relations with the female guards at subject part. Cigarettes could be sold for 10 slotys. Hany of the over numbers sold cigarettes at this price. The people encountered at subject part did not discuss their feelings toward the present government in Paland. Source observed what he thought to be a sulphur plant located at position labeled designator I.

formiet part.	stated	that year	ommitation	and	health	conditions	existed at	subject
